

To whom it may concern at the FCC:

Please do not allow changes to be made to Wisconsin's "No Call List" regulations. It is so nice to not be interrupted at dinner, while at the workbench, exercising, etc. Why should my phone be available to someone trying to sell me something - if I am interested in purchasing "anything", it should be my prerogative to initiate the transaction. My home should not be someone else's showroom. Thanks for listening.
